

# ACTIVE 5-10-10

*Active™ 5-10-10 is a perfect balance of organic NPK that delivers a blend of all three macronutrients in a grower friendly, dry powder fertilizer throughout the season.*

## PRODUCT FEATURES

- Category: Macronutrient
- Derived from: Soy Protein Hydrolysate, Rock Phosphate, and Potassium Sulfate

## BENEFITS

- Highly refined dry powder phosphorus & SOP, balanced for flowering and fruit set
- Natural chelation affects from 5% soy protein
- Consistent, dry powder formula
- Compatible with many herbicides and most fertilizers
- User-friendly, safe for handling
- Incredible surface area once in suspension
- Most balanced organic NPK for crop production

## FOR BEST RESULTS

- Agitation is required during mixing and prior to application
- Use 15 gallon minimum water volume per acre
- Avoid applications with metal-based fungicides
- Use an appropriate spreader and sticker to enhance penetration

TECHNICAL SPECS	
Certifications	WSDA, CDFA
Guaranteed Analysis	Total Nitrogen (N): 5% Total P (as P2O5): 10% Total K (as K2O): 10% 0.12% Ammoniacal Nitrogen 4.88% Other Water Soluble Nitrogen
Stability	Stable under normal storage conditions and handling. Avoid storage in temperatures above 125 °F., or high humidity conditions/
pH	6.5 – 6.9
EC	
Water Solubility	Water Soluble
Appearance	Tan, Dry Granules, Slightly Musky Odor
Hazards	Not classified as hazardous based on IATA, IMDG, and DOT. FIRE AND EXPLOSION: Not considered flammable or combustible, but this product will burn if involved in a fire. POTENTIAL HEALTH EFFECTS: <0 % of mixture consists of ingredients of unknown acute toxicity
Available Variants	44 lbs
