

ACTIVE 10-3-10

Active™ 10-3-10 is a plant available nitrogen and organic potassium dry fertilizer.

PRODUCT FEATURES

- Derived From: Soy Protein Hydrolysate, Rock Phosphate, and Potassium Sulfate

BENEFITS OF NITROGEN & POTASSIUM

- Known to provide plants with greater resistance to weather and disease, as well as promote color development and increase fruit yields.
- Acts as a beneficial potassium source, rounding out the macronutrients in this plant available macronutrient package.
- Plant- derived N content helps the phosphorus and potassium to be readily assimilated by plants, providing a healthy, controllable application of nutrients, just when they are needed most.
- Supports fruit sizing and increased sugar formation
- Natural chelation effects from 10% soy protein

FOR BEST RESULTS

- Compatible with most agriculture fertilizers and pesticides, however, seek professional advice prior to tank mixing
- Keep sealed in the original container.
- Store in frost-free, dry conditions out of direct sunlight, above 5°C and below 30°C
- Avoid storage in temperatures above 125 °F or high humidity conditions

TECHNICAL SPECS	
Certifications	CDFA, WSDA
Guaranteed Analysis	Total Nitrogen (N): 10% 0.25% Ammoniacal Nitrogen 9.75% Other Water Soluble Nitrogen Available Phosphate (P2O5): 3% Soluble Potash (K2O): 10%
Stability	Stable under normal storage conditions and handling
pH	6.5 – 6.9
Water Solubility	Soluble in water
Color	Tan Powder
Toxicity	Prolonged or repeated contact may irritate slightly.
Available Variants	44 lbs

SUGGESTED APPLICATION RATES

Label Rates	MIN	MID	MAX
<i>Foliar for Acre +</i>	1 lb/ac	2 lb/ac	5 lb/ac
<i>Soil for Acre +</i>	2 lb/ac	4 lb/ac	10 lb/ac
