

BASE BLEND WETTING AGENT

BlueGold® Base Blend Wetting Agents increase soil penetration and plant uptake of nutrients from fertilizers and amendments.

PRODUCT FEATURES

- Derived From: Aloe, Angelica, Bhringaraj Leaf, Black Cumin Seed, Brahma / Gotu Kola Leaf, Buthcer's Broom, Calendula, Chamomile, Cardamon, Comfrey, Dandelion Root, Eucalyptus, Fennel, Ginger, Ginseng Root, Hibiscus, Moringa Leaf, and Yucca Root
- It can be applied in all weather conditions, including rain and extreme heat

BENEFITS OF BASE BLEND WETTING AGENT

- Enhance nutrient and water penetration into plants and soils and may resolve other water-related issues
- Increase soil penetration and plant uptake of nutrients from fertilizers and amendments

FOR BEST RESULTS

- Must be used in conjunction with proper soil and sap test analysis and applied according to test resulted for the crop type, crop height, and PPM change required
- Should only be used in cases where a proper Soil and Sap Test Analysis documents or plant deficiency
- Nutrients must be significantly reduced and slowly dialed up to prevent burning plants from excesses in the flush
- Roll gently end to end to mix well before use
- The best spray time is early morning when dew is present
- Must be stored in a cool place
- Do not combine with pesticides, chemical, plant cleaners, etc.

TECHNICAL SPECIFICATIONS	
Certifications	OMRI
Guaranteed Analysis	2% Saponins
pH	6.0 to 7.0
Form	Liquid
Appearance	Dark Amber/Brown
Weight	9 lb
Available Variants	1 gal, 2.5 gal, 265 gal

SUGGESTED APPLICATION RATES			
Label Rates	MIN	MID	MAX
Foliar for Acre +	16 oz/ acre	20 oz/ acre	32 oz/acre
Soil for Acre +	1 oz/acre	2 oz/ acre	4 oz/acre
