

BORON

Trophic Boron provides plants with the essential micronutrient boron, crucial for various plant physiological processes

PRODUCT FEATURES

- Derived from: Sodium Borate
- Provides plants with the essential micronutrient boron, crucial for various plant physiological processes

BENEFITS OF BORON

- Provides plants with the essential micronutrient boron, crucial for various plant physiological processes.
- It enhances growth and development by improving nutrient mobility and enzymatic function.
- Formulated with ultra-low molecular weight soluble organic acids that provide efficient plant uptake and deliverability through soil and foliar application.

TECHNICAL SPECIFICATIONS	
Certifications	
Guaranteed Analysis	2.7% Boron (B)
pH	7.5
Form	Liquid
Appearance	Clear Liquid
Weight	9.6 lbs
Available Variants	2.5g, 265g

FOR BEST RESULTS

- Conduct a soil test to determine the specific nutrient deficiencies, particularly boron levels
- Apply during the active growth stages of your plants, such as during vegetative growth or flowering
- Apply directly to the leaves of plants, ensuring even coverage
- Apply directly to the root zone of plants
- Incorporate into your irrigation system for a controlled and efficient application
- Store in a cool, dry place away from excessive moisture and heat

SUGGESTED APPLICATION RATES

Label Rates	MIN	MID	MAX
Foliar for < Acre	--	--	--
Foliar for Acre +	16 oz/ac	32 oz/ac	64 oz/ac
Soil for < Acre	--	--	--
Soil for Acre +	32 oz/ac	64 oz/ac	128 oz/ac
